

Wind Tre brings ultrafast connection up to 1 Gigabit in Vercelli

Rome, 10th december 2018

Wind Tre, together with Open Fiber, is the first telecoms provider to bring in Vercelli ultrafast fiber with Fiber-To-The-Home technology (FTTH), which arrives directly into the citizens' homes and offices.

Wind Tre and Open Fiber thus cover Vercelli with an infrastructure that ensures the best browsing performances and supports high speed connection of up to 1 Gigabit per second.
