

Wind Tre: the ultrafast fiber arrives in Alessandria

Rome, 25th January 2019

Wind Tre continues to extend its ultrafast connectivity throughout Italy and brings Open Fiber's 1 Gbps fiber with Fiber-To-The-Home technology (FTTH) directly into the citizens' homes and the offices of Alessandria. Wind Tre and Open Fiber thus extend their coverage of Piedmont region with an infrastructure that ensures the best browsing performances and supports high speed connection of up to 1 Gigabit per second. Wind Tre ultra-fast line is available with a set of convergent offers, including both FTTH connection and mobile data traffic. The launch was supported by dedicated promotions and an advertising campaign.
